#### Overview

This plan estimates how much you may need in retirement to live the way you have envisioned.

#### **Personal Information**

Name:	MR. JO	HN	MRS. JANE		
Date of birth:	Jun 06,	1962	Apr 30,	1964	
Age at January 1:	57	2020	55	2020	
Desired retirement age:	60	2022	58	2022	
Life expectancy at retirement (years):	95	2057	95	2059	
Estimated years in retirement:	35		37		

### **Plan Assumptions**

#### **Tax Rates**

Tax Efficiency (pre-retirement):	40.00 %
Tax Efficiency (post-retirement):	40.00 %
Income splitting efficiency:	75.00 %
Top marginal rate of tax in province:	53.53 %
Top corporate tax rate on investment income:	50.17 %

Average Annual Growth Rates	Pre-Retirement	Post-Retirement
Rate of inflation:	2.00 %	2.00 %
Average Return on Non-Registered/TFSA:	3.75 %	3.75 %
Average Return on Registered Investments:	3.75 %	3.75 %
Real Estate Growth Rate:	2.00 %	2.00 %

#### **How this Plan Works**

The analysis, projections and recommendations produced in this plan are provided for your general guidance. It is based on information regarding your personal circumstances, goals and objectives which you provided to us as well as a number of assumptions some of which are explained below. Starting with the value of your investment assets, savings are added each year with growth calculated using the assumed rate(s) and frequency of your savings.

For non-registered accounts taxes are deducted at the end of the year and are based on your province's top tax rate and your assumed tax efficiency factor (TE factor). The TE factor is the percentage of the income that is either not taxed, or will be taxed in a later year and is dependent on the type of income earned<sup>1</sup>.

The plan assumes you would like to maintain your stated retirement goals throughout retirement. If you do not have sufficient liquid assets to meet one or more of your retirement goals, The Razor program does not liquidate your fixed assets, but assumes that you would borrow to maintain your income.

Initial withdrawals are made from non-registered investments to allow your registered plans to remain tax-sheltered for as long as possible. Once all cash investments have been used, additional withdrawals are then made from registered plans.

Income tax is calculated each year using progressive tax rates as prescribed by the Federal Income Tax Act and the province in which you live. Age/pension tax credits and the applicable Old Age Security clawback (recovery tax), in addition to any provincial surtax, are also calculated to provide the most accurate tax assumptions. Estate tax is calculated at second death (with no tax triggered on first death), at the top marginal rate.

<sup>1</sup>For instance, interest income and foreign income are fully taxable when earned, so they have a TE factor of zero. Deferred capital gains have a TE factor of 100%, as there is no tax until the investment is sold. This future-tax liability is reflected in your net worth summary and will increase as the allocation to investments earning deferred capital gains increases. Income Splitting is calculated as the portion of income that is split 50/50 between clients. For example, 80% Income Splitting indicates that 80% of your clients' income will be split 50/50.

Gordon Mestern Your Plan - 1 December 23, 2020

### Summary of Goals

As discussed, your goals are to:

- Note:
  - This plan is based on retirement income needs of \$85,500/year starting at age 59, and decreasing to \$68,600/year by age 85 in addition we have added \$10K/year on top of these numbers to account for the cost of the cottage.
     This plan includes an inheritance for Jane of \$550K at age 61.
     This plan assumes CPP will be taken at age 60 for both John (61% of max) and Jane (100% of

  - This plan assumes 100% OAS benefits will be taken at age 65.
- Assumptions:
  - We have assumed a cost base equal to the present value on a cottage (\$400K).
  - Rate of inflation: 2%
  - Rate of return on real estate: 2%
  - Rate of return on investments: 3.75%

### **Net Worth – Summary**

Below is a summary that shows your projected net worth today and your projected net worth in the year you plan to retire.

Liquid Assets	Current Value (\$)	Annual Savings (\$)	Retirement Value (\$)
RRSP/RRIF:	\$900,000	\$30,000	\$1,024,000
Locked In Plans:	\$50,000	\$0	\$54,000
Non-Registered:	\$200,000	\$0	\$194,000
Tax-Free Savings Accounts:	\$90,000	\$12,000	\$140,000
Corporate Investments:	\$0	\$0	\$0
Total Liquid Assets:	\$1,240,000	\$42,000	\$1,412,000
Fixed Assets			
Real Estate:	\$1,100,000		\$1,144,000
Net Corporate Assets:	\$0		\$0
Other Assets:	\$0		\$0
Total Fixed Assets:	\$1,100,000		\$1,144,000
Personal Liabilities:	(\$125,000)		(\$125,000)
Lifestyle Deficiencies:	\$0		\$0
Deferred Taxes:	(\$509,000)		(\$582,000)
Estate Net Worth:	\$1,706,000		\$1,849,000

All values are projections based on full-year calculations, therefore:

- i. Current Value represents your Estate Net Worth as of January 1 of the current year.
- ii. Retirement Value represents your Estate Net Worth as of January 1 of the year in which you plan to retire.
- iii. Dollar values on this page are rounded to the nearest thousandth of a dollar.

Net corporate assets are calculated as (real estate - mortgage + goodwill).

Gordon Mestern Your Plan - 3 December 23, 2020

### **Retirement Options**

#### You are projected to have adequate income producing assets to fund your retirement.

Your financial situation offers you a number of planning options. The planning options presented are based on assumptions that are certain to change and cannot be guaranteed. Actual results will vary over the life of your plan.

### #1: Increase Lifestyle

Estimated amount you can increase your retirement lifestyle by: \$6,500

Planned Retirement Lifestyle: \$85,500 Attainable Retirement Lifestyle: \$92,000

Retirement Lifestyle #2 is also being changed by the same percentage.

#### #2: Retire Sooner

Estimated number of years you can retire before your planned retirement age: 1

Planned Retirement Age: 60 Attainable Retirement Age: 59

#### #3: Take Less Risk

Estimated amount you can reduce portfolio rate of return: 0.73 %

Portfolio Rate of Return: 3.75 % Required Rate of Return: 3.02 %

#### #4: Asset Allocation

Based on the assumptions, you are projected to have sufficient retirement capital.

Projected Capital at Retirement: \$1,412,200 Required Capital at Retirement: \$1,217,500

Current value of Retirement Capital: \$1,240,000

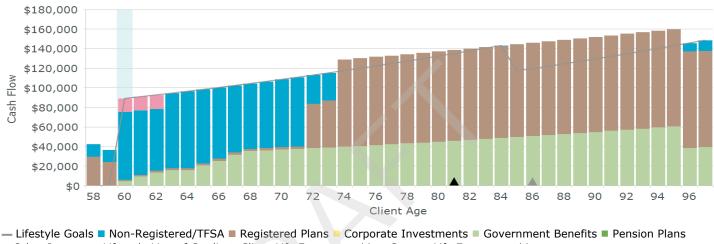

Percentage of attainable goal Percentage increase in attainable goal

Gordon Mestern Your Plan - 4 December 23, 2020

### **Projected Cash Flow \***

The projected cash flow chart below shows the combined sources of income available throughout your planning period, to help visualize how cash flows in retirement meet your income needs. If you have excess income, the surplus is first deposited into your tax-free savings account, then into your non-registered account.

The line represents your stated income goal. Each bar on the chart represents a different source of available income, as shown in the legend. The shaded bar that runs from the top to the bottom of the graph indicates the first year of retirement.

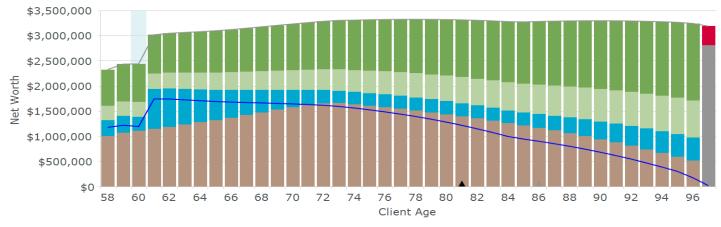

■ Other Income ■ Lifestyle Line of Credit ▲ Client Life Expectancy\*\* ▲ Spouse Life Expectancy\*\*

## **Projected Net Worth \***

The projected net worth chart below shows your assets now and throughout your retirement. It illustrates your projected net worth and the required assets necessary to meet your lifestyle goals.

The bars in the graph represent your different assets throughout the planning period, as shown in the legend. The shaded bar that runs from the top to the bottom of the graph indicates the first year of retirement.

<sup>—</sup> Required Retirement Assets ■ Non-Registered/TFSA ■ Registered Plans ■ Corporate Investments ■ Corporate Fixed Assets ■ Principal Residence
■ Investment Real Estate
■ Other Assets
— Total Net Assets
■ Estate Taxes
■ Estate Value ▲ Client Life Expectancy\*\* ▲ Spouse Life Expectancy\*\*

Gordon Mestern Your Plan - 5 December 23, 2020

<sup>\*</sup> This Plan assumes you would like to maintain your stated retirement goals throughout retirement. If you do not have sufficient liquid assets to meet one or more of your retirement goals, The Razor program does not liquidate your fixed assets, but assumes that you would borrow to maintain your income.

<sup>\*\*</sup> The black and grey triangles relate to the statistical life expectancy and are based on actuarial tables from Statistics Canada.

# **Projected Net Worth**

#### **Summary**

The Projected Net Worth summary below provides a projected financial snapshot at key milestone dates: Retirement and Life Expectancy.

Year	Age	Registered (\$)	TFSA (\$)	Non- Registered (\$)	Corporate (\$)	Real Estate & Other Assets (\$)	Total Debt (\$)	Net Worth (\$)		
Retire	ement*									
2021	59/57	1,078,122	139,627	194,459	0	1,144,440	(125,000)	2,431,648		
Life E	Life Expectancy									
2059	97/95	441,882	440,697	0	0	2,428,844	(125,000)	3,186,423		

<sup>\*</sup>It is assumed you retire on January 1 of your retirement year. Therefore, the retirement balance is at December 31 of the year prior to your retirement.

#### **Projected Net Worth**

The Projected Net Worth ledger below gives you a consolidated view of your projected net worth (the total of all assets minus total debt) at the end of every year.

Proje	cted Net	t Worth						
Year	Age	Registered (\$)	TFSA (\$)	Non- Registered (\$)	Corporate (\$)	Real Estate & Other Assets (\$)	Total Debt (\$)	Net Worth (\$)

# **Projected Estate Net Worth**

#### **Summary**

The Projected Estate Net Worth summary below provides you with a projected financial snapshot at key milestone dates: Retirement and Life Expectancy.

Year	Age	Registered (\$)	TFSA (\$)	Non- Registered (\$)	Corporate (\$)	Real Estate & Other Assets (\$)	Total Debt (\$)	Deferred Taxes (\$)	Estate Net Worth (\$)	
Retire	ment*		, ,	, , ,	, ,	, ,	, ,	` ,	` ` `	
2021	59/57	1,078,122	139,627	194,459	0	1,144,440	(125,000)	(582,217)	1,849,430	
Life E	Life Expectancy									
2059	97/95	441,882	440,697	0	0	2,428,844	(125,000)	(365,872)	2,820,550	

<sup>\*</sup>It is assumed you retire on January 1 of your retirement year. Therefore, the retirement balance is at December 31 of the year prior to your retirement.

#### **Projected Estate Net Worth**

The Projected Estate Net Worth ledger gives you a consolidated view of your projected after-tax net worth at the end of every year for the rest of your life.

#### Footnote:

If the RRIF Minimum option is selected, the minimums are based on the age of the younger spouse.

Income Received = Pre-tax income and includes (CPP (QPP in Quebec) + OAS + Pension + Employment + Other Income + Corporate Dividends)

Gordon Mestern Your Plan - 10 December 23, 2020

## **Projected Taxation**

#### **Summary**

The Projected Taxation summary outlines the annual combined estimated taxes throughout retirement.

Year         Age         (S)         Tax (S)         Recovery Taxes         Total Taxes         Paid at Source (S)         Paid by Installment (S)         Shortfall (S)           2022         60/58         25.824         (868)         0         (868)         2.247         0         1.379           2023         61/59         42.076         (3.069)         0         (3.069)         2.292         777         0           2024         62/60         45.118         (3.571)         0         (3.571)         2.338         1.234         0           2025         63/61         30.225         (751)         0         (751)         0         751         0           2021         65/63         30.25         (751)         0         (751)         0         751         0           2021         65/63         32.521         938         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0         0

### **Disclaimer**

This report may provide general information on certain tax, insurance and estate planning matters. CIBC Wood Gundy, CIBC Wood Gundy Financial Services Inc., and CIBC Wood Gundy Financial Services (Québec) Inc. do not provide tax and tax compliance advice (including tax return preparation), accounting services, legal advice or actuarial services. Please consult your personal tax advisor, accountant, actuary, and qualified legal advisor to obtain specialized advice tailored to your needs. The calculations and projections in this report are for demonstration purposes only. It should be kept in mind that the various projections are based on numerous assumptions and as such it is unlikely that the future will unfold exactly as illustrated. Tax calculations are based on tax legislation enacted, and tax rates in effect, as of March 1st, 2019 and subsequent changes in legislation and/or tax rates could have a material impact on the projections. Significant changes to the taxation of private corporations came into effect in 2018 and 2019. These changes may impact certain tax planning strategies. They may not be reflected herein and could have a material impact on any projections set out herein relating to private corporations. You should consult with a tax advisor to determine how these tax changes may affect your personal tax situation if you utilize a private corporation. The investment and/or life insurance values projected within this report should not be construed as a prediction or guaranteed of future performance. The value of all investments will fluctuate in accordance with market conditions, creditworthiness of the issuer, term to maturity and other economic or firmspecific factors. The assumed frequency and timing of all investment activity is material to projected results. Any rates used to illustrate possible returns are based in part on historical data but are estimates only. CIBC Wood Gundy, CIBC Wood Gundy Financial Services Inc., and CIBC Wood Gundy Financial Services (Québec) Inc. are not responsible if investments fail to perform as they have in the past. This document is designed to help you chart appropriate courses of action, and should be reviewed and revised regularly to ensure its timeliness and relevance to your changing financial position. It is not a substitute for your own judgment or meant to mitigate the need for you to personally review and analyze the recommendations in this report. Investment advice may only be provided by a CIBC Wood Gundy Investment Advisor.
